[INFO@AKUSTUS.COM](mailto:info@akustus.com)

Regardless of whether they're arranged to resemble stalactites, icicles, or a chandelier, a cluster of **Cylinder Baffles** hanging from the ceiling creates a scene of beauty and wonder. Noise won't be the only thing struck with awe when you suspend these baffles in the hotel foyer or in the bank lobby.

CYLINDER BAFFLE

CYL-BF-012-060, CYL-BF-012-030 & CYL-BF-012-045

Acoustic Properties

The following values reflect the acoustic properties of the product as tested in accordance with ASTM C423-09a using Type J mounting. Update for test results pending.

Installation - Cylinder Baffle Kit (KT-CYBF-00)

Specify optional ceiling hardware at the time of ordering.

Ceiling Hardware Options

No Hardware
(default)

Cable Coupler
(KT-CCPL-00)

Adjustable Cable Gripper
(KT-CGRP-00)

T-bar Clips
(KT-TCLP-00)

Product Hardware

Integrated Adjustable
Cable Gripper

Product Care

Handling & Storage

Handle products with care so as to avoid folding the polyester felt, chipping its edges or indenting its faces. Store products in their original containers in a well-ventilated area until the intended application environment is ready for installation. Allow products to acclimatize to environmental conditions. Lay them flat on their faces; do not stand them on their edges. Protect from moisture, heat, direct sunlight and the elements.

Maintenance

Lightly brush or gently vacuum to remove dust from polyester felt. Clean with warm water and mild, non-toxic soap to remove spills. Test solution on an inconspicuous spot before applying to more visible areas. Blot with a dry cloth after applying the solution to avoid saturating the material. Avoid applying too much pressure when cleaning the products.

Warranty

AKUSTUS warrants the construction and finish of all our products to be free from defects in material and workmanship for a period of 1 year from the date of purchase.
