

Valley Baffle

BY AKUSTUS DESIGNS

AKUSTUS.COM

INFO@AKUSTUS.COM

The dips and slopes of **Valley Baffle** create fascinating visuals from no matter which angle you view them from. While the panel material absorbs excess sound energy, the slanted faces of the baffle cause sound waves to reflect and diffuse more evenly within the room. Let Valley help you create a room that's wonderful to be in and to look at.

Specifications

Product Name	Valley Baffle
Composition	100% polyester fibre
Fire Rating	<ul style="list-style-type: none"> • ASTM E84 Class A • CAN/ULC-S102.2-10
VOC Emissions	CDPH (CA 01350)
Antimicrobial Testing	Mould & mildew resistant
Sustainability	<ul style="list-style-type: none"> • 100% recyclable • LBC Red List free • Contributes to LEED certification • Free of toxic substances and of off-gassing • Made with ~60% recycled content from plastic water bottles
How to Specify	<ul style="list-style-type: none"> • Product Name & Code • Dimensions • Colour • Installation Method

Colour & Texture Variations

The felting and dyeing process that forms the material contributes to its unique texture but also to variations in texture and colour from panel to panel. Products will be provided within an acceptable range of variation.

Acoustic Properties

The following values reflect the acoustic properties of the product as tested in accordance with ASTM C423-09a using Type J mounting.

Installation - Valley Baffle Kit (KT-VABF-00)

Specify optional ceiling and accessory hardware at the time of ordering.

Ceiling Hardware Options

No Hardware
(default)

Cable Coupler
(KT-CCPL-00)

Adjustable Cable Gripper
(KT-CGRP-00)

T-bar Clips
(KT-TCLP-00)

Product Hardware

Aluminum Channel with
Adjustable Cable Gripper

- Clear anodized finish
(matte black available)
- Suspension point pre-mounted but can be repositioned on site

Product Care

Handling & Storage

Handle products with care so as to avoid folding the polyester felt, chipping its edges or indenting its faces. Store products in their original containers in a well-ventilated area until the intended application environment is ready for installation. Allow products to acclimatize to environmental conditions. Lay them flat on their faces; do not stand them on their edges. Protect from moisture, heat, direct sunlight and the elements.

Maintenance

Lightly brush or gently vacuum to remove dust from polyester felt. Clean with warm water and mild, non-toxic soap to remove spills. Test solution on an inconspicuous spot before applying to more visible areas. Blot with a dry cloth after applying the solution to avoid saturating the material. Avoid applying too much pressure when cleaning the products.

Warranty

AKUSTUS warrants the construction and finish of all our products to be free from defects in material and workmanship for a period of 1 year from the date of purchase.
