MSH-CL-SA-274-274, MSH-CL-SB-274-274 & MSH-CL-SC-274-274

Mesh Clouds is a collection of cloud designs inspired by the movement of water. Each individual cloud functions as a module that can be connected to create continuous patterns that ripple across the ceiling.

Dimensions - Drop

Modules can be connected together to create a continuous ceiling feature.

* Custom shape and size available.

Dimensions - Drop

Product Data

Product Code	Width	Length	Height

Specifications

Product Name	Mesh Clouds
Composition	100% polyester fibre
Edge Detail	Square edge
Fire Rating	<ul style="list-style-type: none"> • ASTM E84 Class A • CAN/ULC-S102.2-10
VOC Emissions	CDPH (CA 01350)
Antimicrobial Testing	Mould & mildew resistant
Sustainability	<ul style="list-style-type: none"> • 100% recyclable • LBC Red List free • Contributes to LEED certification • Free of toxic substances and of off-gassing • Made with ~60% recycled content from plastic water bottles

How to Specify	<ul style="list-style-type: none"> • Product Name & Code • Dimensions • Colour • Installation Method
-----------------------	--

Colour & Texture Variations The felting and dyeing process that forms the material contributes to its unique texture but also to variations in texture and colour from panel to panel. Products will be provided within an acceptable range of variation.

Acoustic Properties

The following values reflect the acoustic properties of the product as tested in accordance with ASTM C423-09a using Type J mounting.

Installation - Twin Panel Clamp Kit (KT-TWCL-00)

Specify optional ceiling hardware at the time of ordering.

Ceiling Hardware Options

No Hardware
(default)

Cable Coupler
(KT-CCPL-00)

Adjustable Cable Gripper
(KT-CGRP-00)

T-bar Clips
(KT-TCLP-00)

Product Hardware

Twin Panel Clamp with
Adjustable Cable Gripper

- Standard silver metal finish

Accessory Hardware Option

Twin Panel Clamp
(HW-TWCL-00)

- Connects multiple clouds

Product Care

Handling & Storage

Handle products with care so as to avoid folding the polyester felt, chipping its edges or indenting its faces. Store products in their original containers in a well-ventilated area until the intended application environment is ready for installation. Allow products to acclimatize to environmental conditions. Lay them flat on their faces; do not stand them on their edges. Protect from moisture, heat, direct sunlight and the elements.

Maintenance

Lightly brush or gently vacuum to remove dust from polyester felt. Clean with warm water and mild, non-toxic soap to remove spills. Test solution on an inconspicuous spot before applying to more visible areas. Blot with a dry cloth after applying the solution to avoid saturating the material. Avoid applying too much pressure when cleaning the products.

Warranty

AKUSTUS warrants the construction and finish of all our products to be free from defects in material and workmanship for a period of 1 year from the date of purchase.
