Fino Classic 3D Panel

BY AKUSTUS DESIGNS

FNC-3D-A-059-240

The **Fino Classic 3D Panel** is characterized by its distinctly narrow profile, giving the wall charm without being overbearing. The gentle curve of each piece creates a soft facade and a calming atmosphere. Enjoy the finer things in life and feel good about your space with Fino.

Customization

Bands & Modules
The height of an individual band can be adjusted.
The width of an individual band cannot be adjusted.
A module is composed of multiple bands (up to 9). Its width can be adjusted by adding or removing bands.
Module Customization

Panels cannot be cut on-site but can be cut horizontally by the manufacturer.

Panels can be cut vertically by the manufacturer where bands meet.

Panels cannot be cut vertically within a band.

Cut-outs can be made by the manufacturer by removing sections of bands.

Cut-outs cannot be made by cutting into the bands.

Specifications

Product Name	Fino Classic 3D Panel
Composition	100% polyester fibre

Fire Rating
- ASTM E84 Class A
- CAN/ULC-S102.2-10

VOC Emissions	CDPH (CA 01350)
Antimicrobial Testing	Mould & mildew resistant

Sustainability
- 100% recyclable
- LBC Red List free
- Contributes to LEED certification
- Free of toxic substances and of off-gassing
- Made with ~60% recycled content from plastic water bottles

How to Specify
- Product Name & Code
- Dimensions
- Colour
- Installation Method

Colour & Texture Variations

The felting and dyeing process that forms the material contributes to its unique texture but also to variations in texture and colour from panel to panel. Products will be provided within an acceptable range of variation.

Acoustic Properties

The following values reflect the acoustic properties of the product as tested in accordance with ASTM C423-09a using Type D-50 mounting.

|	NRC	SAA	200	250	315	400	500	630	800	1000	1250	1600	2000	2500
D-50 18 mm	0.80	0.78	0.28	0.34	0.48	0.64	0.79	0.96	1.03	1.05	0.99	0.98	0.94	0.92
Installation

Specify one of the following options at the time of ordering.

| **Construction Adhesive** | **Z-clips (KT-ZCLP-00)** | **Push Mounts (KT-PUSH-00)** |
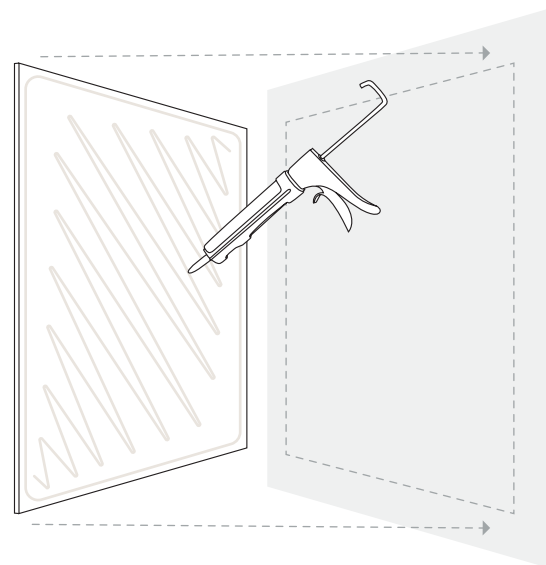

- By others

Recommendation

- Liquid Nails Heavy Duty (Low VOC) LN-903

Alternatives

- LePage PL Premium
- LePage PL Premium Max
- LePage No More Nails Heavy Duty
- LePage No More Nails Ultimate Crystal Clear
- (At your discretion, other construction adhesive may be used but should be tested for effectiveness)
- 6 mm (¼ in) projection from the wall
- 25 mm (1 in) clearance required above the panel

25 mm

6 mm
- Panels come with mounts pre-installed but receiving mount must be installed on-site

Product Care

Handling & Storage

Handle products with care so as to avoid folding the polyester felt, chipping its edges or indenting its faces. Store products in their original containers in a well-ventilated area until the intended application environment is ready for installation. Allow products to acclimatize to environmental conditions. Lay them flat on their faces; do not stand them on their edges. Protect from moisture, heat, direct sunlight and the elements.

Maintenance

Lightly brush or gently vacuum to remove dust from polyester felt. Clean with warm water and mild, non-toxic soap to remove spills. Test solution on an inconspicuous spot before applying to more visible areas. Blot with a dry cloth after applying the solution to avoid saturating the material. Avoid applying too much pressure when cleaning the products.

Warranty

AKUSTUS warrants the construction and finish of all our products to be free from defects in material and workmanship for a period of 1 year from the date of purchase.
